| <b>Hon. Treasurer:</b>   | Professor Stephen Evans                                                                                                                                             | Cambridge (to end of 2026, renewable)                                                                                                                                                                      |
| <b>Co-opted Members:</b> | Professor Eva Kondorosi<br>Professor Bjorn Wittrock<br>Professor Eystein Jansen<br>Professor Paolo Papale<br>Professor Milena Zic-Fuchs<br>Professor Genoveva Marti | Budapest, (until end 2026)<br>Uppsala, (until end 2026)<br>Bergen, (until end of 2026)<br>Rome (until end of 2027)<br>Zagreb (appointed 2025)<br>Barcelona (appointed January 2026 to end 2028, renewable) |

The list of Section chairs, can be found at this link: [https://www.ae-info.org/ae/Acad\\_Main/Sections](https://www.ae-info.org/ae/Acad_Main/Sections)  
Professor Dingwell continued as the Director of the Munich legal entity.

Class chairs are trustees. At the end of 2025 they were:

Class A1 – Humanities and Arts – Chair Professor Genoveva Marti (Trustee), VP ex o  
Class A2 – Social Sciences – Chair Professor Bjorn Wittrock (Trustee) VP ex o. temporary (from March 2025 and following resignation by Martin Kahanec as a trustee in 2025)  
Class B – Exact Sciences – Professor Paolo Papale (Trustee), VP ex o  
Class C – Life Sciences – Professor Eva Kondorosi (Trustee) VP ex o

Note, that in our Articles of Association and the statutes of the Munich Ev, the Council as described is an advisory body to the trustees. Since the creation of the Class system, the single Council now effectively operates through the Class configurations. The Classes and their component Sections each constitute one part of the advisory council. The Class chairs are thus the *de facto* representatives of the Sections on the Board of trustees. The Class chairs as trustees did consult electronically throughout the year with their sectoral 'Council members' (the Section chairs) on specific issues. Class committees (comprising the Chairs of the Section committees) have been assigned responsibility for the management of the nominations and selection process for new members and they will over-time become responsible for delivery of activity programmes, as envisaged by the Strategic Plan 2019 – 2024. In view of this re-orientation of responsibility and the fact that the Classes now fulfil the role of the former plenary Council, but in a more efficient way, the trustees will review the Regulations in to better reflect the new working structure.

As of 20th September 2023, the trustees signed articles to establish a new AE Munich legal entity (Academia Europaea e.V - eingetragener Verein). This development had been strongly endorsed by the AE Independent Advisory Group in 2022. All members of the AE had been informed of the plans at the AGM of 2022 and the strategic plan refers to the Board of trustees keeping the post-BREXIT situation under review. Therefore, the intention was that from 2024 and beyond, the new Munich legal entity will become the AE HQ for all dealings with the EU and facilitate access for all members of the AE. The new entity will also assume other responsibilities from London over time. The London charity will continue to run in parallel, and both will operate under a common Board of trustees for the foreseeable future. London will have a decreasing lead role and will provide administrative support to the AE office in Munich. Both entities will be displayed on the common website ([www.ae-info.org](http://www.ae-info.org)) and will operate as a single functional unit under a common Board of trustees. Each will have to report separately to their own national regulatory bodies, as described in their statutes. Members of the Academia Europaea are *de facto*, members of both legal forms of the AE. Resources will be allocated between each entity according to function and need.

The Academia Europaea e.V Munich has its registered office at:

Academia Europaea e.V.  
Room 336, 3rd floor  
Theresienstr. 41  
80333 München  
GERMANY  
+49 89 2180 4294

Amtsgericht München (Registration Number): VR 210134  
Tax number: 143/210/03525

London General Secretariat  
Executive Secretary: Dr David Coates

Senior Administrator: Ms Teresa McGovern  
Accounts and payroll: Outsourced to Keith Vaudrey & Co.  
Membership Secretary: Function partially provided by the Wroclaw Hub office  
Membership administration, database and website management are outsourced: Technical University of Graz. Contact is Ms Dana Kaiser

The Executive Secretary is the Company Secretary (London), with responsibility for day-to-day financial operations of the AE as a whole (except for SAPEA projects) membership and activity and the London office and provides secretariat support to the Board and other sub-committees and assistance to the Munich office.

The company and charity of the UK legal entity is domiciled at Room 251, Senate House, University of London, Malet Street. London, WC1E 7HU.

Munich General Secretariat

Director: Professor Donald Dingwell  
Executive Secretary (Munich): Ms Friederike Brandthaus

The association registered office at Munich, is at Academia Europaea e.V. Room 336, 3rd floor, Theresienstr. 41, 80333 München, GERMANY. The office has responsibility for all EU research related matters, oversight of the AE Regional Knowledge Hubs, support to the Classes and Sections and overall oversight of the communications strategy, membership election and support services and all activity programmes including conferences, awards, grants and related matters.

## **SECTION 2: The structure and mission of the Academia Europaea**

**The Academia Europaea London<sup>1</sup>**

On 23 September 2009: the Academia Europaea was incorporated as a Company limited by Guarantee and was registered at Companies House (number 07028223). See: <https://beta.companieshouse.gov.uk/company/07028223>.

The Company was also registered as a not-for-profit charity (registration number 1133902), see <https://register-of-charities.charitycommission.gov.uk/charity-search/-/charity-details/4048916>

**The Academia Europaea Munich**

As of 20th September 2023, the trustees signed articles to establish a new AE Munich legal entity (Academia Europaea e.V - eingetragener Verein). Amtsgericht München (Registration Number): VR 210134. Tax number: 143/210/03525

**Governance and management**

A single Board of Trustees manages the affairs of both legal entities of the Academia Europaea. There is an 'Advisory Council' and other operational sub-committees that are described in annex 1. Elections and appointments to the Board are as described in the regulations. These can also be found on the corporate website at [www.ae-info.org](http://www.ae-info.org).

Members elect the officers of the Academia (President, Vice President(s) officio and the Honorary Treasurer). Other trustees are co-opted directly by the Board. The Annual General Meeting of members confirms these appointments in accordance with the regulations. The Vice Presidents (ex officio) are recommended by the President and appointed by the Board of Trustees for a period as defined in the Regulations.

**Training and induction of new trustees**

New trustees are provided with a copy of the statutes and regulations, governance documents and access to sets of minutes of the past year(s). Trustees also receive copies of documents describing the role and responsibilities of Directors and Trustees and links to the appropriate UK Charity Commission and Company House websites and those relevant to the Munich legal entity.

**The mission of the Academia Europaea**

The Academia Europaea is an international, non-governmental association of individual scientists and scholars, who are experts and leaders in their own subject areas, as recognised by their peers.

**The Academia will:**

Promote European scholarship and research and increase the wider appreciation of its value and importance  
Make recommendations to national governments and international agencies concerning matters affecting science, scholarship and academic life in Europe.  
Encourage interdisciplinary and international research in all areas of learning, particularly in relation to European issues.  
Identify topics of trans-European importance to science and scholarship and propose appropriate action to ensure that these issues are adequately studied.

**The Academia will endeavour to:**

Encourage the highest possible standards in scholarship, research and education.  
Promote a better understanding among the public at large of the benefits of knowledge and learning, and of scientific and scholarly issues, which affect society, its quality of life and its standards of living.

---

<sup>1</sup> From 1988 to incorporation in 2009, the Academia Europaea operated under a Deed of Trust and was registered as a Charity with the Charity Commission of England and Wales (former registration number 1001978)

## Charitable objectives:

The advancement and propagation of excellence in scholarship in the humanities, law, the economic, social and political sciences, mathematics, medicine, and all branches of natural and technological sciences anywhere in the world for the public benefit and for the advancement of the education of the public of all ages in the aforesaid subjects in Europe.

## SECTION 3: Trustees' report for the period ended 31 December 2025

The trustees would like to thank all of the organisations that have sustained the Academia through their generous general financial sponsorships in particular the authorities supporting the Academia Europaea Regional Knowledge Hubs. The trustees also thank those other foundations and organisations that have contributed to the running of specific events and activities of the Academia during the period of this report. These organisations are identified in various places within this report and in the separate accounts and have been identified within the various 'reports to members' of events held during the current period, where appropriate. The trustees have been active in their engagement in the affairs of the Academia and have attended every meeting of the trustees (physical or virtual). The trustees wish to express their gratitude to the elected officers of the Academy for their additional work on behalf of the membership. In particular, to thank Professor Don Dingwell for steering the establishing of the new Munich AE legal entity, and for his representing the AE in external project boards and meetings, including in the Horizon Europe SAPEA plus project and Alban Kellerbauer as Editor-in-chief of our international journal – The European Review. The trustees would also like to thank Professor Lars Engwall who retired as chairman of the HERCuLES group and was succeeded by Professor Milena Zic Fuchs (trustee),

In 2025, the AE operated a growing programme of real-time international events (conferences and workshops) and a programme of online activities (webinars and streamed events). Some of these are reported below and in more detail in the individual Hub annual reports. The majority of activities were delivered through the Regional Knowledge Hubs. The Horizon 2020 funded SAPEA activity continued under a new contact and is managed out of the Munich office. The AE chaired the Board. The European Review continued to be published and generated royalty income (see published accounts).

The trustees are grateful to the six AE Regional Knowledge Hubs and their dedicated staff. Regrettably, the Cardiff Hub closed in 2025. The Trustees would like to thank all of the staff who worked tirelessly to make the Hub so successful. The sponsors and hosts of all of our hubs have through their generosity, enabled the AE to deliver a much larger and more varied programme of activities both to the academic communities of their regions and also increasingly they are bringing science to the general public, through a range of public events, lectures and exhibitions targeted at their specific regional remits. These are reported on in the individual Hub annual reports. The Regional Hubs are independent of the AE corporate centre but work in coordination with one another in delivering our charitable objectives across Europe. The Trustees were pleased to see the launch of a new Regional Knowledge Hub in 2025 – The Bucharest Hub. We were honoured to sign the agreement with the President of the Romanian Academy of Sciences (as hosts and principle sponsors). The Hub is led by Prof Mircea Dumitru MAE and Professor Sorin Antohi MAE.

As a result of the 2025 activity, the trustees can report that the annual examined accounts for 2025 show an unrestricted funds carried forward to 2026 of £-37,712. This figure does not however reflect the actual cash situation of the AE at the end of 2025. In fact, in terms of actual cash at the bank, an unrestricted funds total of £250,514 was carried over into 2026 (this figure includes the life membership totals as described in the official 2025 accounts document). The accounts showed a deferred income in creditors which reflect the accumulated total for life membership donations which are then split over ten years. Each year a 10 percent of accumulated lifetime membership contributions is recognised as members' contributions in the annual accounts. The remaining accumulated lifetime membership contributions are carried forward to the next accounting year. This is reported on page 13 in the financial statements. In addition, the restricted funds were £148,857 in the year ended 2025. The charity has reduced the costs of labour and office space in London to *mitigate this deficit in the unrestricted funds*.

The trustees wish to record their thanks to the Technical University of Graz data centre staff for their dedicated I.T. and corporate web and database support and to Professor Balazs Gulyas for his management of the 2025 AE Erasmus Medal process.

The trustees are pleased to report, that in 2025, our inter – organisational links were further strengthened with a number of European federation organisations (ALLEA, FEAM, EASAC EuroCase and YASAS (The Association of European Young Academies)). Cardiff and Munich have been responsible for delivery of AE SAPEA plus participation throughout the year. Members of the Board of trustees also established strong working links with institutions in China, including with the Chinese Academy of Sciences. This reflects the increased number of scholars that are being elected to the AE from mainland China.

The President and other trustees engaged in a number of specific activities that responded to policy issues across Europe and more widely. A thematic transdisciplinary AE task force on Environmental sustainability continued to meet. The international collaboration agreement known as the TEA-NET consortium, under the coordination of Professor Peter Hegyi (Chair of the Clinical and Veterinary Sciences Section) entered its delivery phase. The AE played an active part in the G20 process acting on behalf of the European Commission as the Academy of Europe for the purpose of input into the science strand of the G-20. This was a major recognition of the AE by the European Commission and further enhanced the profile of the AE on the international stage.

The trustees are pleased to report a further widening of the membership of the Academia Europaea with the election in 2025 of 312 scholars across the four classes. The full 2025 election list is at annex 1. Member statistics can be found on the AE website at ae-info.org. There has been a gradual improvement in gender balance members and a reduction in regional disparity in terms of disciplines over the year. This is in line with the targets as described in the strategic plan. However, the trustees will further address

these issues in 2025 with a review of membership election and assessment policy to better meet CoARA<sup>2</sup> principles for the 2025 new member cycle. The trustees also continued to support the continuing development of the Young Academy of Europe, in recognition of the AE mission to promote young researchers.

The AE has a membership of individuals. They are drawn from the whole continent of Europe and with Foreign members from beyond Europe. The majority of AE members are resident and working outside of the UK and the majority of these are based in EU member states. Membership statistics can be found on the AE website.

The Trustees wish to place on record, that it was their belief that at the time of the compilation of this report, there were no additional or unforeseen risks that would place the continuation of the charity in jeopardy.

### **Public benefit statement**

Over the year the Academia and the Regional Knowledge Hubs, have published articles and papers in academic journals; organised a number of virtual and physical academic meetings across the continent that are open to members and non-members, young scholars and to the interested public in all areas of operation. The Academia has provided prizes and awards to support and recognise excellent researchers in pursuit of their scholarship. To enhance the accessibility of the European scholarly community to the public, the Academia has maintained and enhanced its web portal and those of the regional knowledge hubs and has contributed to the betterment of European Policy through participation in provision of expert, impartial advice to authorities and governmental organisations and has supported the Young Academy of Europe. A full description of all of the main activities is included elsewhere in this report.

The trustees have consulted the guidance made by the Charity Commission for England and Wales on the Public Benefit requirement of the charities Act 2011. The Trustees are confident that they have complied with their duty under section 4 of the Charities Act 2011 in that they have had a due regard to public benefit guidance published by the Commission.

### **Future Plans**

In the coming year (2026), the trustees will continue to deliver the mission of the Academia through the running of appropriate workshops, publications and related activities. The trustees will explore new opportunities, including continuation of an AE activity for environmental sustainability, Artificial intelligence, and collaborations with other international platforms. The AE will further work on the 'Academia Europaea College of Excellence' and support the expansion of outreach through an expansion of the network of regional Hubs. We will explore alternative models of financing. The Young Academy of Europe will continue to be supported, specifically to provide a focus to engage with and support young researchers from across the UK and Europe. The AE engagement in European Science policy advice will be strengthened through taking a lead on topics within the Science Advice Policy project SAPEA PLUS and any subsequent Horizon funded policy project. The trustees will especially focus on ensuring that its UK based membership and researchers more generally can continue to be effectively linked with their European colleagues. Following the establishing of the new Munich legal entity, resources will be transferred to assist with operations, including the re-allocation of administrative tasks from London. To assist in this, the London office and staffing resource will be scaled back. At the invitation of the European Commission, the AE will provide direct input on behalf of the European Union into the G20 network of leading economies, by providing scientific advice to S-20 network of national academies.

## **SECTION 4: Centrally co-ordinated activities during the period, 1 January 2025 – 31 December 2025**

### **The 36th annual conference of members 15-17 October 2025.**

The conference of the Academia Europaea took place Barcelona at the Barcelona Biomedical Research Park. Local organiser and host - Professor Jaume Bertranpetit MAE. This was a physical event with streaming of plenary sessions see this link for full details: [https://www.ae-info.org/ae/Acad\\_Main/Plenary\\_Conferences](https://www.ae-info.org/ae/Acad_Main/Plenary_Conferences)

#### Sessions included:

On October 15th a dedicated one-day meeting for all four Classes running in parallel.  
An open meeting of the Young Academy of Europe

#### **October 16th - plenary session speakers included:**

General Sessions by Class B: Exact Sciences

Chair: Paolo Papale, MAE, Istituto Nazionale di Geofisica e Vulcanologia, Italy and Chair Class B

- Hans Oerlemans, MAE and Balzan prize winner 2022, Utrecht University, The Netherlands  
The role of glaciers in the evolution of the Earth
- Licia Verde, MAE, ICREA at University of Barcelona, Spain  
Precision cosmology: threading a needle from the other end of the Universe
- Eugenio Coccia, MAE, IFAE and Rector of the Gran Sasso Science Institute, Barcelona, Spain  
Gravitational Waves: from the Einstein prediction to the Einstein Telescope

---

<sup>2</sup> CoARA. [Coalition for Advancing Research Assessment](#)

Clas C – Life Sciences

Chair: Eva Kondorosi, Biological Research Centre, Hungary and Chair Class C

- Dennis Lo, MAE, Vice-Chancellor and President, Li Ka Shing Professor of Medicine at The Chinese University of Hong Kong (CUHK).

Non-invasive Prenatal Testing and Cancer Detection: From Dream to Reality

- Jens Stougaard, MAE, and winner of the Adam Kondorosi Academia Europaea Prize for Advanced Research 2025, Aarhus University, Denmark

Plant perception of microbial signal molecules

- Mart Saarma, MAE, President of the Estonian Academy of Science, University of Helsinki, Finland

New approaches to treat neurodegenerative diseases.

**17<sup>th</sup> October**

**The 2025 Young Academy of Europe Andre Mischke prize was awarded to Agnieszka Wykowska, Istituto Italiano di Tecnologia, Geneva, Italy**

Presentation by Scott Bremer, President of YAE, University of Bergen, Norway

Human-robot interaction: how robots can address societal needs

**General plenary speakers included :**

**General Sessions by Class A1: Humanities**

Chair: Genoveva Martí, MAE, ICREA at University of Barcelona, Spain and Chair Class A1

- Mark Steedman, MAE, University of Edinburgh, Scotland

Natural Language and Artificial Intelligence

- Johan Rooryck, MAE, Leiden University, The Netherlands

Towards Equitable Open Access Publishing

-Louise McNally, MAE, Pompeu Fabra University, Barcelona, Spain

Open Access Meets Large Language Models Meets Research Evaluation Policy: A View from the Trenches

**General Session by Class A2: Social and Related Sciences**

Chair: Martin Kahanec, Central European University, Vienna, Austria

**Panel Theme:** Democracy, Prosperity, and Sociality within Planetary Boundaries

This high-level, interdisciplinary plenary brings together perspectives from the natural and social sciences and humanities to consider how societies can live well within planetary boundaries. Rather than seeing ecological limits as constraints, how might they serve as catalysts for democratic renewal, equity, and innovation? Transforming the way we live requires more than technological fixes—it calls for approaches that are culturally grounded, inclusive, and responsive to lived realities. Experiences such as vaccine uptake highlight the limitations of top-down strategies. Climate change, as an anthropogenic and socially embedded phenomenon, illustrates how well-intended actions can produce unintended consequences. Here, the social sciences play a critical role in shaping just and viable pathways forward.

- Guy Midgley, Stellenbosch University, South Africa

Planetary boundaries and the fragility of abundance

- Nebojsa Nakicenovic, MAE, Institute for Applied Systems Analysis (IIASA), Laxenburg, Austria

Safe, Just and Beautiful Future within Planetary Boundaries

- Hartmut Rosa, MAE, MAX Weber Centre for Advanced Cultural and Social Studies, University of Erfurt, Erfurt, Germany

Running For – Or Listening Towards the Future? Two Alternative Visions of the World to Come

-Isabelle Anguelovski, ICREA at Autonomous University of Barcelona, Barcelona, Spain

Climate (Im)Mobilities Justice: Displacement, Segregation, Resistance, and the Uneven Geographies of Urban Adaptation

**Open session organized by the Young Academy of Europe (YAE)**

Public trust in science and navigating political tensions

Public trust in scientists can help policymaking institutions to decide on the basis of available evidence, but we witness recent political hostilities towards research institutions, and academic freedom and integrity. Indeed, the boundary between science and politics has always been contested, with some seeking to harden this boundary, while others see it as more malleable. And at the same time, most people today trust scientists and agree that they should engage more in society. Against this background, this panel will host multiple perspectives on how scientists – as individuals and as a group - navigate social and political polarization on the role and organisation of science in Europe today. To the extent that scientists work within a politicised context, what affordances and strategies do they deploy to establish science's role in society and relate to political trends.

Moderator: Scott Bremer, president of YAE, University of Bergen, Norway

Panellists:

1. Ruth Rodríguez-Martínez (SH), Pompeu Fabra University, Barcelona, Spain

2. Anna Kuppuswamy (LS), YAE, University of Leeds, United Kingdom
3. Emilian Mihailov (SH) YAE, University of Bucharest, Romania
4. Marta Sánchez de la Torre, University of Barcelona, Spain

**Art and Science Lecture by Marta de Menezes, Lisboa, Portugal**

Art and Immunology – A Love Story

Introduced by Monica Bello, Art Curator, Barcelona

-----

**The 2025 Academia Europaea Erasmus Medal** was awarded to László Lovász, MAE, Eötvös Loránd University, Budapest, Hungary. See: [https://www.ae-info.org/ae/Acad\\_Main/Activities/Awards\\_and\\_Prizes/Erasmus\\_Medal/PastWinners](https://www.ae-info.org/ae/Acad_Main/Activities/Awards_and_Prizes/Erasmus_Medal/PastWinners)

**Laudatio by** János Pach, MAE, Rényi Institute of Mathematics, Budapest & EPFL, Lausanne

**2025 Heinz Nixdorf Erasmus Lecture title:** *The Beauty of Mathematics*

-----

**The 2025 Adam Kondorosi Academia Europaea award for advanced research** (awarded in Oxford July 2025)

Professor Jens STOUGAARD MAE (Aarhus University, Denmark)  
2025 Adam Kondorosi Lecture: “Genetics of nitrogen-fixing root nodules in legumes”

Laudation: Dr. Luis Rubio MAE, Spain

-----

**The 2025 Sydney Brenner Prize for Personal achievement in Life Sciences** awarded to Markus Ralser MAE, Charité, Berlin, Germany: see [https://www.ae-info.org/ae/Acad\\_Main/Activities/Awards\\_and\\_Prizes/Sydney\\_Brenner\\_Medal/PastWinners](https://www.ae-info.org/ae/Acad_Main/Activities/Awards_and_Prizes/Sydney_Brenner_Medal/PastWinners)

**Laudatio** by Kathryn Lilley, MAE, University of Cambridge, United Kingdom

**2025 Sydney Brenner Lecture title:** *The Dynamic Nature of Cellular Metabolism*

-----

**2025 Class meetings**

As a part of the annual conferences programme, the four Classes each held a Class event on 15<sup>th</sup> October, to welcome the new members elected in 2025.

The four Classes each followed a similar format. This included a presentation and welcome to the AE by the Class Chair followed by a selection of new member presentations representing each Section and round table discussion sessions.

-----

**SECTION 5: Academia Europaea outreach.**

**The Academia Europaea Regional Knowledge Hubs**

Each Hub operates as an independent entity with local hosts and sponsors. Each Hub organises and delivers their own programmes of activity and assists the London HQ, where needed. The Hubs each have a complimentary thematic mission that provides a wide range of activities delivering a wider public benefit that is in line with our charitable objectives. These activities are described in the individual Hub reports (**see annexes**). In 2025 we saw the closure of the Cardiff Hub and the creation of a new Hub in Bucharest.

**AE engagement in European research policy and scientific expert advice to policymakers for general public policy (science into policy)**

- **SAPEA – Scientific Advice for general European Policy (not policy for research)**

### **SAPEA: Science Advice for Policy by European Academies**

- Spanning the disciplines of engineering, humanities, medicine, natural sciences and social sciences, **SAPEA** brings together the outstanding knowledge and expertise of Fellows from over 100 Academies, Young Academies and Learned Societies in more than 40 countries across Europe
- SAPEA is part of the [European Scientific Advice Mechanism \(SAM\)](#) which provides independent, interdisciplinary and evidence-based scientific advice on policy issues to the European Commission, working closely with the [SAM Group of Chief Scientific Advisors](#)
- The project is funded through a grant from the EU's Horizon 2020 programme. It runs to 2027

= country with at least one Academy

Academies' independence, academic expertise and convening power make them a critical source of evidence for policymakers and the wider public, providing an unbiased, balanced and transparent perspective. Academies within SAPEA are members of one or more of the European Academy Networks: [Academia Europaea](#), [ALLEA](#), [EASAC](#), [Euro-CASE](#), [FEAM](#) and the [Young Academies Association \(YASAS\)](#).

All of the Networks' Member Academies across Europe are part of SAPEA and are encouraged to participate actively. Opportunities for involvement include:

- suggesting scientific topics**
- communicating their latest major scientific outputs to SAPEA**
- nominating Fellows** to the SAPEA Working Groups, or other events requiring the advice of an expert (e.g. experts' workshops or stakeholder meetings)
- hosting Working Group meetings**  
direct costs can be covered
- acting as "Lead Academies"** for a selected scientific topic
- hosting outreach events**  
event support can be provided
- Raising the visibility of Academy work at a European Level** by sharing news of activities with the SAPEA Communications Office for the project website

### **AE engagement in SAPEA Plus and providing expertise to public institutions and administrations at European Level**

The Horizon2020 funded project contract with the European Commission will run to 2027 and will be managed out of the Munich office. The President is a member of the Board of Management of the project. The Munich office oversees the work of the AE engagement in SAPEA and The LMU also manages the overall finances of the SAPEA project on behalf of the consortium. The AE Executive Secretary Munich acts as AE contract manager in liaison with the central project coordination team.

Full information for the project and its outputs, can be found via the official SAPEA website (<https://sapea.info/>) and through both the ae-info website ([http://www.ae-info.org/ae/Acad\\_Main/Activities/SAPEA](http://www.ae-info.org/ae/Acad_Main/Activities/SAPEA)).

Our intention throughout the SAPEA project is to work with and through the regional knowledge Hubs to ensure maximum opportunity for involvement of our members. We will also establish an outreach forum of other pan-European organisations to improve linkages and engagement of non-core partner expertise and seek to engage scholars (members and non-members) as experts from the UK and Ireland.

- **European Science Advisory Council (EASAC).**

Formed by a number of European Academies and supported by the Academia Europaea provides EU institutions and other pan-national bodies with fully independent advice on the scientific aspects of public policy.

The Academia was a founding member of this Council and collaborates with our sister Academies in making available our members' expertise where needed, for the many study groups that are established. The Academia provides a financial contribution to the running of the secretariat of EASAC. The Academia covers the costs of participation of the AE Council member and AE experts participating in specific study panels [<http://www.easac.eu/>]. The AE supports a number of members, who provide their individual expertise to EASAC studies and/or are engaged in the standing committees of EASAC. Professor Don Dingwell (trustee) is the AE delegate to the EASAC governing Council. The list of publications and reports can be found via the website above.

- **EASSH (The European Alliance of Social Sciences and Humanities).**

The Academia Europaea is a member of this alliance through Professor Bjorn Wittrock.

Trustee

Professor Milena Zic Fuchs is also a member of the council of the EASSH. The association seeks to promote and safeguard the position and status of the social sciences and Humanities within the European Research area. Its activities can be found at this URL: <https://eassh.eu/>

The Academia Europaea maintains 'working level relationships' with UNESCO as a listed NGO.

## **AE Publications**

**The Academia Europaea in conjunction with Cambridge University Press publishes an international peer reviewed journal.**

**The European Review 2025** (volume 33). The Editor-in-chief – Professor Alban Kellerbauer MAE (Nuclear Physics, Joint Research Centre, Karlsruhe, Germany). The journal has seen a significant increase in uncommissioned papers submitted for review and publication, from across the world.

In 2025, the European Review (ERW) volume 33 had six issues and one open access supplement. AE members had free access to the online version of the journal and to the archive. In 2025 the ERW became completely Gold open access.

ERW at Cambridge Core: <https://www.cambridge.org/core/journals/european-review>

Volume 33 had on Supplement *Academic Freedom in the Twenty-first Century*

This was based on a conference on the topic 'Academic Freedom in the Twenty-first Century' held at the Wenner-Gren Centre in Stockholm on 15–17 May 2024 with the economic support of the Wenner-Gren Foundations. The conference was part of a series arranged by the Higher Education, Research and CULTure in European Society (HERCuLES) group within Academia Europaea.

[European Review](#), [Volume 33](#), [Supplement S1](#), March 2025, pp. S1 - S13

DOI: <https://doi.org/10.1017/S1062798725000110> edited by Professor Lars Engwall MAE Chair of the HERCuLES group.

## **AE 'in-house' and 'grey' literature publications.**

In addition to regular corporate e-newsletters [produced on behalf of the AE HQ by the Communications group at the Bergen Hub] and separately by all of the Regional Knowledge Hubs, the AE maintained its corporate website which is managed and hosted at the Technical University of Graz under a service contract. The Regional Knowledge Hubs maintain their own websites to reflect their own, independent programmes of activity.

**SECTION 6: 2025 Corporate level events and activity provided with AE sponsorship including projects funded through the Hubert Curien Fund, or externally organised but with AE patronage, or externally sponsored.**

**2025 Wenner Gren – HERCuLES symposium, held at the Wenner Gren Foundation Center in Stockholm**

Institutional Perspectives on Universities: The Role of Leadership, Administration, Stakeholders and Risks

Wednesday May 21–Friday May 23, 2025

Program Committee: Jürgen Enders (Chair), Helena Buescu, Lars Engwall, Milena Zic Fuchs and Marijk van der Wende.

See: [https://www.ae-info.org/ae/Acad\\_Main/Activities/HERCuLES/Events/Institutional%20Perspectives%20on%20Universities](https://www.ae-info.org/ae/Acad_Main/Activities/HERCuLES/Events/Institutional%20Perspectives%20on%20Universities) for full programme information

For information on the AE HERCuLES group see: [https://www.ae-info.org/ae/Acad\\_Main/Activities/HERCuLES](https://www.ae-info.org/ae/Acad_Main/Activities/HERCuLES)

The trustees would like to thank the Wenner Gren Foundations , staff and Professor Carl-Hendrik Heldin MAE ( CEO) for their continuing support to the HERCuLES group.

• **Other Hubert Curien grant funded initiatives (member and/or Hub initiated) in 2025**

Summer School on Computational Approaches to Historical Linguistics

Confirmed speakers **Giuseppe Longobardi (University of York - lead applicant)**, Paola Crisma (University of Trieste), Dimitar Kazakov (University of York), Cristina Guardiano (University of Reggio Emilia/IUSS Pavia)

Host Institution: University of Plovdiv Paisii Hilendarski, Plovdiv, Bulgaria

Coordinating Institution: University of York, UK

Website: <https://ca2hl.org/>

Dates: 21-Jul-2025 - 01-Aug-2025

Location: Plovdiv, Bulgaria

Week 1: Introduction to Historical Linguistics. The Comparative Method. The Parametric Comparison Method (PCM). Case Study: The Indo-European Language Family. Language trees and language contact. Case Study: The Balkan Sprachbund.

Week 2: Parameter Setting for PCM. Case study: Analysing Syntactic Parameters in Participants' Languages. Data Visualisation: Gradient Maps of Principal Components and Their Historical Implications. Exploring Migrations and Cultural Contact through Linguistic Evidence. Clustering Techniques for Phylogenetic Tree Generation. Advanced Tools: Using Large Language Models (LLMs) for Parameter Evidence Collection.

In addition to the event listed above. The already Board approved international collaboration research network (TEA NET) The AE Translational Medicine Working Group (TMWG) network continued. It started its work on 1 January 2023 and continued throughout 2025. Its primary objective is to process, analyse, and interpret high-quality macro and micro data collected in the field of biomedical sciences with full European coverage. TMWG and training of talented research and clinical scientists dedicated to translational medicine are strongly promoted within AE, which is coordinated by the AE Clinical and Veterinary Section under the overall direction of Professor Peter Hegyi (Academic Director of the AE Budapest Knowledge Hub).

The **European partners** of the TEA NET are three Semmelweis University and the National Biomedical Foundation.

The **Asian partners** are the Chinese University of Hong Kong (CUHK) in Hong Kong (coordinating site), and its collaborating or affiliated institutions in Shenzhen, including the Shenzhen Institute of Advanced Technologies [SIAT], CUHK Shenzhen Research Institute [SZRI], and CUHK Shenzhen Innovation and Technology Research Institute (Futian) [FITRI].

---

**SECTION 7: Corporate, Hubs and membership**

**2025 New members elected**

The trustees approved the recommendation of the Classes and elected 312 new members by a written procedure in March. Each Class chair introduced their recommended list for election of new members following an intensive assessment and evaluation phase carried out by the respective Section committees. The trustees discussed each class list and Class chairs highlighted any specific issues that had arisen with any individual Section. Actual new member numbers can be found by a search of the members database ( by year of election) at: [https://www.ae-info.org/ae/Acad\\_Main/List\\_of\\_Members](https://www.ae-info.org/ae/Acad_Main/List_of_Members)

The Trustees then formally elected new members for each Class as follows:

**Class A1 – Humanities**

TOTAL NUMBER OF NOMINATIONS: 87

for Ordinary membership: 72 (83 %)

for Foreign membership: 15 (17 %)

RECOMMENDED FOR ELECTION: 73 (83% of the total nominations)

Ordinary members 62 (79 % of the nominations for Ordinary membership)

Foreign members 11 (73 % of the nominations for Foreign membership)  
NOT ELECTED THIS YEAR: 14

### **Class A2 – Social and related sciences**

TOTAL NUMBER OF NOMINATIONS: 49  
for Ordinary membership: 40 (82 %)  
for Foreign membership: 9 (18 %)

|                                                                  |      |
|------------------------------------------------------------------|------|
| RECOMMENDED FOR ELECTION: ( % of the total nominations)          | 81.6 |
| Ordinary members ( % of the nominations for Ordinary membership) | 87.5 |
| Foreign members ( % of the nominations for Foreign membership)   | 55.6 |

|                                               |      |
|-----------------------------------------------|------|
| NOT ELECTED THIS YEAR: (% of all submissions) | 18.4 |
|-----------------------------------------------|------|

### **Class B – Exact sciences**

|                                     |                                     |
|-------------------------------------|-------------------------------------|
| TOTAL NUMBER OF NOMINATIONS: 216    | RECOMMENDED FOR ELECTION: 58 (27 %) |
| for Ordinary membership: 106 (49 %) | for Ordinary membership: 47 (81 %)  |
| for Foreign membership: 110 (51 %)  | for Foreign membership: 11 (9 %)    |

### **Class C – Life sciences**

TOTAL NUMBER OF NOMINATIONS: 203  
for Ordinary membership: 162 (80 %)  
for Foreign membership: 41 (20 %)  
NOT this year elected 41

The Class chairs responsible for oversight of the nominations process in 2025 were:

Class A1 – Humanities and Arts – Sections A1-A6 [Chair Professor Poul Holm (Trustee)]  
Class A2 – Social and related sciences – Sections A7 – A10 [Chair Prof Martin Kahanec (Trustee) resigned in March 2025]  
Class B – Exact and Natural Sciences – Sections B1 –B5 [Professor Paolo Papale (Trustee)]  
Class C – Life Sciences – Sections C1 – C5 [Professor Eva Kondorosi (Trustee)]

---

## **Communications**

The Hubs and HQ (via the Bergen Hub comms team) issued regular monthly electronic newsletters throughout the year. The Graz Data centre maintained the ae-info.org website and both Graz and Wroclaw ensured that member data was updated, including for the new members elected in 2025. All new members were notified of the AE GDPR policy and members were asked to opt-in to that policy at the time of their election. Newsletters are archived on the ae-info website at: [https://www.ae-info.org/ae/Acad\\_Main/Publications/Newsletter\\_Archive](https://www.ae-info.org/ae/Acad_Main/Publications/Newsletter_Archive)

## **Governance meetings held in 2025**

### **The Trustees, Council and their subcommittees**

The Board of Trustees met on six occasions to transact business either physically or virtually. All meetings were quorate. Minutes were filed.

A physical/virtual hybrid AGM took place on October 15th in Barcelona

---

### **37th Annual Business Meeting 2025 (AGM) – Barcelona 15<sup>th</sup> October held at 16:30 – 18:30 (CET)**

This was a physical meeting. VP Don Dingwell chaired the AGM.  
There were 46 physical delegates.

The acting Chair of the Board of Trustees Vice-president, Professor Donald Dingwell MAE welcomed members to Barcelona and thanked the local organiser (Professor Jaume Bertranpetit)

The announcement of the AGM had been published on the AE website and made known to all members by E-newsletter more than 21 days in advance. A series of online ballots (between 15th – 26th September) had been announced and taken on specific items of business (adoption of the annual accounts, annual activity report, re-appointment of examiners and recommended membership

subscriptions for 2025). The draft agenda and all papers associated to the AGM were made available on the website in advance and had been tabled for delegates in the room. One motion from the membership had been received in advance, as set out in the notice for the AGM. The motion to approve the draft agenda was adopted by the members present.

The Honorary Treasurer (Professor Stephen Evans) summarised the financial position as set out in the accounts for 2025 and additionally gave indications of the current year. He reported that the financial position of the AE was stable. He highlighted the reliance of the AE on member donations for all areas of activity and reminded members that annual contributions were a vital part of their acceptance as members. He pointed out that there were still a significant number who did not contribute at all. He also raised the issue of the very small base of external financial support from non-member organisations.

A note of thanks was recorded for sponsors as follows: To the Wenner Gren Foundations for their continuing support to HERCuLES group activity, the Patron membership of the Hungarian Research Network and the Heinz Nixdorf Foundation for the support to the Erasmus lecture..

**The results of the e-ballots by members were reported to all members at the AGM and through normal newsletter channels. Large majorities had approved all motions.**

**Motion to adopt the examined accounts for the year ending 31 December 2024 – adopted). 706 in favour, 5 against.**  
**Motion to adopt the trustees (activity report) for the year ending 31 December 2024 – adopted (409 in favour, 1 against).**  
**Motion to re-appoint the auditors (examiners) – approved (406 for, 0 against)**  
**Motion to set the level of membership fees for the year 2026 – approved (370 for, 32 against)**

The treasurer had tabled in advance, a motion for decision by the room “Members are invited to approve a one-time establishment fee for new members (2026) of 200 Euros – irrespective of age at the time of their acceptance of membership. **This motion was adopted on a show of hands without dissent.**

Elections of Officers and appointments of trustees. Following the retirement of professor Makarow at the end of 2024, the trustees had initiated a process for identification and subsequent election of a President. During the year, the Vice President Professor Dingwell had acted as chair of the Board of trustees and President *pro tem*. The Trustees established a search group with an independent convenor. Following a call for candidates, the group held interviews with the candidates and made a recommendation to the Board of trustees. The Board then proposed a candidate to the membership for election. The AGM were notified of the outcome of the e-ballot. Professor Dingwell was then ratified by the members present at the AGM. Professor Dingwell was declared President elect until the end of 2025 and would assume his first term as President officially from January 1<sup>st</sup> 2026 until the end of December 2028.

#### Appointments and co-options to the Board of trustees

A. A document had been tabled that set out the terms of service already approved for those trustees that had been co-opted. Members present noted the terms for co-opted trustees. The Board reported that Professor Martin Kahanec (Section chair for Economics), who had been appointed as Class Chair for Social Sciences from January 2025, had resigned as a trustee in April due to a conflict of interest with a European Commission position. Professor Wittrock had agreed to take up the role temporarily until a new Clas chair could be appointed.

B. Members present also approved a proposal to continue the co-option of the following trustees on a renewable basis. As follows:

#### Other reports

There followed a series of presentations by Hub managers as follows:  
Barcelona (Prof. Jaume Bertranpetit Academic Director, Ms Maite Sánchez - Hub Manager).  
Bergen (Prof. Eystein Jansen Academic Director, Ms Kristen Baaken - Hub Manager).  
Budapest (Prof Peter Hegyi Academic Director, Katalin Fodor Hub Manager).  
Cardiff (Prof. Petersen Hub Director).  
Tbilisi (Prof David Prangishvili – Academic Director, Ms Sofia Kobakhidze – Hub Manager),  
Wroclaw Hub (Prof. Arkadiusz Wojs Academic Director, Ms Anna Jarosz – Hub Manager),  
Graz Data Centre (Dr Helmut Leitner – Centre manager, Ms Dana Kaiser manager)

Professor Alban Kellerbauer, the Editor-in-Chief of the journal – The European Review, gave a synopsis of the 2025 volume and reported on the translation into an Open Access Journal.

The Vice President then reported on developments at the Munich Hub.

#### Other business.

A motion for discussion had been tabled by Professor Cinzia Ferrini. Concerns were expressed at the increased costs to members of attending the annual conferences. Following a brief discussion, it was agreed that the Board and future conference planning committees, would explore ways to make the costs of attendance at the annual conferences less expensive for members, especially those members who may no longer have access to institutional support.

## SECTION 8: Statement of Trustees' Responsibilities

The trustees (who are also the directors of 'The Academia Europaea – The Academy of Europe', for the purposes of company law) are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently.
- observe the methods and principles in the Charities SORP.
- make judgements and estimates that are reasonable and prudent.
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in operation.
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and

The Trustees are responsible for keeping accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the Trustees are aware:

- There is no relevant information about which charitable company's examiner of accounts is unaware; and
- The trustees have taken all steps that they ought to have taken to make themselves aware of any relevant information and to establish that the examiner of accounts is aware of that information.
- The Trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions

### Risk assessment

The trustees have assessed the major risks to which the charity is exposed, in particular, those relating to the operations and finances of the charity and post BREXIT impacts and are satisfied that systems are in place to mitigate our exposure to these risks. However, the situation will be kept under constant review and any necessary steps taken.

### Financial Report

The trustees confirm that suitable accounting policies have been used and applied consistently, and that reasonable and prudent judgements and estimates have been made in the preparation of the financial statements for the year 1 January 2025 - 31 December 2025. The Trustees also confirm that applicable accounting standards have been followed and that the financial statements have been prepared on the going concern basis. The assets are available and adequate to fulfil obligations on a fund - by - fund basis.

The Academia Europaea is required by UK law to present its accounts in Pounds Sterling. A version expressed in Euros could be prepared by converting the figures at the exchange rate for a particular date, but this would not be accurate since transactions are spread throughout the financial year, during which a range of exchange rates has existed. Any significant foreign exchange impacts are described in the notes to the accounts. The full accounts have been published separately to this activity report.

### Reserves policy

The examined accounts show the total funds (cash at the bank) for the year ended 31 December 2025 was £382,939) [YE 31 December 2024, £346,736). In accounting terms, the available unrestricted cash for expenditure was reduced by the need to accumulate life membership income (of £257,905 in 2025) and release these funds over a number of years by 10% per annum. This is an accounting practice. However, the actual total of cash at the bank showed an increase over 2024 (see page 8 of the examined accounts for 2025. Nonetheless. It is the policy of the trustees to maintain sufficient reserves for the Academia Europaea to continue its charitable activities and in view of this, the trustees aim to achieve reserves equal to approximately six months of operations. The reserves policy was not met in the last two consecutive years due to the creation and support given to the Academia Europaea c.V in Munich. The trustees have sought to address this by further cost saving measures at the London office. Trustees are responsible to review the reserves policy every year.

### **Income and expenditure for the period ended 31 December 2025 (summary overview)**

The year was one of continued careful management. Our total unrestricted income for the year was £306,628 Total unrestricted expenditure was £323,243. The small operating deficit was financed out of reserves.

The AE as a charity seeks to operate an effective zero balance budget. We are essentially dependent upon members' donation income. In 2025, this was at £292,460. An increase on 2024. The Trustees stress to all members the importance of supporting the Academia by making a donation every year, preferably at the recommended level. Without more members making a payment, the AE will not be able to grow the range and type of activity and support for member initiatives that we need to deliver our obligations as a charity. Whilst a voluntary scheme remains our policy, the Trustees reviewed this policy and decided to levy a recommended general fee rate, linked to an age-related banding for annual donations, per member.

The examiner's accounts for 2025 are filed separately and can be viewed through the Academia Europaea website, the UK government Companies House and the Charities Commission of England and Wales websites respectively.

A handwritten signature in black ink, appearing to be 'Don Dingwell', with a long horizontal line extending to the right.

**Don Dingwell, President**  
**On behalf of the Board of Trustees**

**Adopted on September 30th, 2026**

## **Annex 1 Trustees, ‘Council’, and Section Committee composition as of 31<sup>st</sup> December 2025 for AE London**

At the AGM in September 2015, the Regulations were amended to allow the appointment by the Board of a variable number of Vice Presidents (ex officio) to provide flexibility to the President and that serve a VP term limited to that of the President. These changes are within the overall limits set for the Trustees in the Articles of Incorporation and do not impact on the role or seniority of the elected officers. The Articles prescribe a Board made up of not less than 3 and NOT MORE than 15 members. The Articles describe a Board made up of elected officers (President, Vice Presidents and the Treasurer – all elected by the membership (at a general meeting); a number of members (appointed by the ‘Advisory Council’ – who are the Class chairs) and a number of co-opted (by the Board) members. The subsidiary Regulations are used to determine numbers and balance up to the limit of 15. The current formula is – Officers: [President, elected Vice presidents (up to two were approved by AGM in 2012); Treasurer]. Others co-opted.

In November 2015 the Board approved the designation of several existing Trustees as Vice Presidents ex officio, to reflect new portfolios. In 2023 these were the Class Chairs - Professor Paolo Papale (Class Chair); Professor Poul Holm (Class Chair) Professor Bjorn Wittrock (Class Chair) until the end of 2025 and Professor Eva Kondorosi (Class Chair). Governance and incorporation documents can be found on the website ([www.ae-info.org](http://www.ae-info.org)).

### **Members of the Board of Trustees (on 31<sup>st</sup> December 2025)**

**Note: that the same Board of trustees reported here as operating for AE London, also functions under identical terms of office and regulations for election and appointment as the Board of trustees for the Academia Europaea Munich e.V legal entity. In all essentials the AE London and the AE Munich entities operate as a single coordinated functional unit, with commonly derived statutes, with the same mission and objectives and all members of the Academia Europaea on election and pre-the creation of AE Munich are de facto members of both legal entities without exception and discrimination. The two entities do however maintain independent financial systems and management responsibilities and the accounts are not consolidated as both entities are independent legal personalities. The Board of trustees maintains a common oversight of both organisations.**

### **Academia Europaea - Composition of the Advisory Council (on 31 December 2025)**

Following the establishment of the Class structure and the allocation of Sections into the four Classes, the role for a single Advisory Council (hereinafter The Council) meeting only annually and with a very limited function, has been replaced by a variable configuration composed of the four classes. The Section chairs (as members of the Council) are all members of one of the four Class committees. Within each Class configuration, each Section chair has a term three years, with the possibility of renewal for one further period of three years. The Class chairs are independently appointed and are members of the Board of trustees, and therefore they act as the (independent) representative of the Council (the Sections) on the Board. This structure ensures stronger flow of information and consultation between the Board of trustees and the Advisory Council (the four Class committees) than was formerly the case. This structure has also facilitated a greater devolving of responsibility to the Class level than had been possible under the old Council formation.
